

## Presents VULVA SCULPTURES

Lola X will exhibit intimate art inspired from a variety of women from all walks of life, persuasions, and identity.

She will speak on why Vulva Sculptures aka Yoni Sculptures are part of the collective healing of the feminine. Through self adoration of the portal we can experience a radical form of self love. We do this through fun & healing expression. Don't miss her performance art piece following her talk. Workshop available @ Papaya Playa- space is limited
